10) 1. Assuming that this question was not discussed in the notes of the file leading to the issue of G.P. dated 16th November 1916, I would say, looking to para 14 and other paras of the G.O., that the budgets have to be prepared as usual, revised or supplemental budgets being passed later on.

11) 2. It has not yet been decided which of the Municipalities are minor; nor has a final order been issued about the transfer of Mohatarfa and Local Fund General.

12) But if the Municipal and District Board budgets can be prepared without much difficulty on the lines laid down in the G.P. dated 16th November 1916, then the Deputy Commissioners may be requested to do so.

15) R92/12.1.1917 The question raised by the Deputy Commissioner of Tumkur District is whether the Municipal and District Fund Budgets for 1917-18 have to be framed as usual or under the Government Order relating to the Local Self Government scheme (3005-55/Ml.132-16-1 dated 16th November 1916).

16) The Government Order relating to this subject contemplates a reconstitution of the existing Non-regulation Municipalities into Minor Municipalities and Village Panchayets according to their population, excepting a few instances reserved for special treatment. ~~On the other hand~~ It may also become necessary to treat as Minor Municipalities some Villages now treated as Unions, having a population between 2000 and 5000. Until the exact position of these bodies under the scheme is settled, until their exact relation to the Taluk or District Boards is defined and until the exact items of revenue to be made over to the Village Panchayats, the Taluk and District Boards and the particular charges to be met by these bodies are specified, it is difficult to see how their budgets can be drawn up under the Government Order of 16th November 1916.

17) The question of the assignment of Local Fund General to District Boards involves also the disposal of the balance to the credit of the fund. As it is intended to bring all the Villages in

the State under the Scheme by the formation of Village Committees, it seems necessary to determine in the first instance whether the exemption from house tax for the Agricultural classes in rural parts will cease with the introduction of the scheme as in the case in the Unions now constituted, and what additional establishments - whether on fixed salaries or on commission - will have to be entertained for the collection of taxes.

18) The whole scheme cannot, it seems, be given effect to before the Municipal Regulation and the Local Boards Regulation are suitably amended, as contemplated by the Government Order under advertence, and the consequential changes regarding the status of the Local Bodies, their income, ~~establishments~~ expenditure and other connected matters are thereafter considered and final orders passed on the subject.

19) It seems desirable therefore to have the budgets for 1917-18 prepared as heretofore.
